2ND ANNUAL GVTC CHARITABLE PARTNERSHIP GOLF CLASSIC TO BE HELD ON MAY 1ST, 2006

The momentum is building for the 2nd Annual GVTC Charitable Partnership Golf Classic benefiting the Comal Public School Foundation. Many generous sponsors have signed up for the event, but there are still plenty of sponsorship opportunities available. The tournament will take place Monday, May 1st, 2006, at River Crossing Country Club Golf Course.

Registration begins at 10 a.m. Tee time is 1:00 p.m. and participants will enjoy lunch before playing. Dinner and awards will follow afterwards. Celebrity hosts will be in attendance.

"Last year, GVTC raised \$68,000 for this worthy cause," says Ritchie Sorrells, President and Chief Executive Officer, GVTC. "We are excited to once again sponsor this wonderful event to benefit our children."

Don't miss this great opportunity to support the Comal Public School Foundation through this worthy cause. #006054 Sponsorships slots are already filling up quickly. Contact 830-885-8297 for more information or to sign up for a sponsorship.

GVTC ANNOUNCES NEW ADDITION TO EXECUTIVE LEADERSHIP TEAM

Guadalupe Valley Telecommunications Cooperative (GVTC) announces the addition of Mr. George O'Neal, Vice President Network Services, to its Executive Leadership Team.

Mr. O'Neal brings over ten years of experience in the telecommunications industry to GVTC. Prior to joining GVTC, O'Neal held the title of Director Switch Engineering at Alltel Communications. #88842 He was instrumental in adopting new technology for Alltel as well as directing operations, engineering and network planning. Most recently, he was responsible for overseeing over 1,000 wireline and wireless switches in the Alltel Network. Prior to joining Alltel, he held leadership management positions at SBC as well.

Mr. O'Neal served in the United States Army and holds a Bachelor of Science degree in Mechanical Engineering from the United States Military Academy at West Point.

GVTC ADVANCES WITH MORE FTTH EXPANSION

In 2004, GVTC was the first in South Texas to introduce Fiber-To-The-Home (FTTH) to new home communities where there was no existing infrastructure. FTTH is a revolutionary technology that delivers complete telephone service, crystal clear cable TV, ultra high speed Internet, and reliable home security all over a single, tiny strand of fiber optic cable about the size of a human hair.

FTTH has the ability to deliver virtually unlimited bandwidth for super-fast Internet downloads. This feature "future-proofs" the telecommunication needs of homeowners who have this technology. Fiber is also much more reliable than traditional copper and is less effected by weather conditions.

FTTH has proven to be so popular that GVTC is now introducing this technology to existing customers by overbuilding established communities in our Bulverde service area. Windmill Ranch, which launched in November 2005, was the first established subdivision to have FTTH technology available, followed by Berry Oaks in January 2006, and Oakland Estates this month. For more information about Fiber-to-the-home or to sign up for our service in these subdivisions, please call our business office at 1-800-367-4882.

As we continue to expand, we will be notifying residents through direct mailers about this technology, as well as new service offerings.

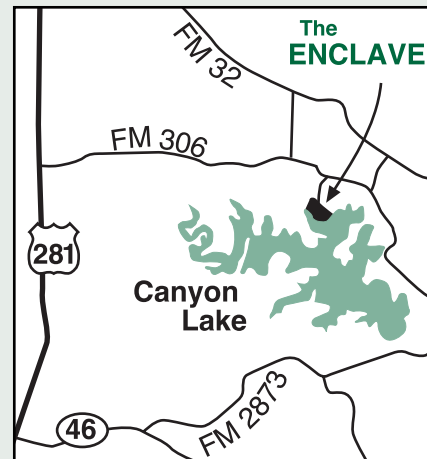

ENCLAVE AT CANYON LAKE FEATURES FIBER-TO-THE-HOME

The newly launched development, The Enclave at Canyon Lake is an exclusive waterfront community with enchanting views in a serene setting. This private gated community boasts a club house, swimming pool and exercise trails plus access to a private airport.

The one-to-five acre lots are enhanced by luxurious Texas-Tuscan™ style, custom-built homes.

Homeowners at The Enclave can enjoy the benefits of GVTC's Fiber-to-the-Home service which provides local telephone, unlimited long distance, high-speed Internet, digital cable TV and security monitoring. For more

information on the Enclave, call 830-935-3765 or visit www.enclaveatcanyonlake.com on the Internet.

VIDEO ON DEMAND COMING SOON

As we continue to strive to improve cable TV entertainment options for you, we are pleased to announce that soon, all GVTC digital CATV customers will be able to enjoy Video on Demand (VOD) service. VOD is the ability to view programs at any given moment at your convenience. VOD service will include many selections of on-demand programs as well as Pay-Per-View. You will be able to choose from Subscription on Demand channels like HBO and Showtime, movies and events from TVN, NFL Channel, and many other popular favorites. Best of all, many programs will be available to digital customers absolutely free.

One of the really great advantages of VOD is that there are no late fees and you can watch programs whenever you want. You can also pause, rewind and fast-forward any programs you choose to watch, much like a VCR. If you purchase a movie or event, you can watch it at any time within 24 hours after ordering. With a click of your remote, you can instantly tune in to hundreds of programs and movies without ever leaving your home to rent or purchase a movie. And with VOD, your movie is always in-stock!

Watch for more announcements about when this great service will be available.

Find Your LUCKY NUMBER!

Two lucky member numbers are hidden in this issue of Party Line. Find YOUR member number after a # sign in the text of this newsletter and you're a winner! The number must match your member number (from your GVTC statement). This month GVTC is giving each of the two winners a \$20.00 GVTC Gift Certificate, to be applied to your phone bill. If you are a winner in this newsletter call Mrs. Janet S. Sczech, Director Sales & Marketing at GVTC: (830) 885-4411 or toll-free 1 (800) 367-4882.
