GUADALUPE VALLEY RECEIVES TEXAS' FIRST STATE ISSUED CERTIFICATE OF FRANCHISE AUTHORITY FOR VIDEO SERVICES

On October 3, 2005, Guadalupe Valley Communications Systems, LP (GVCS) received approval from the Public Utility Commission of Texas of its application for a State Issued Certificate of Franchise Authority. GVCS is the first company in Texas to receive this certificate that was authorized by the legislature in the 2005 session. As mentioned previously, this certificate allows GVCS the ability to expand CATV service within the city of Bulverde without obtaining a CATV Franchise Agreement with the city.

With the certificate approved, CATV service will soon be available in the Windmill Ranch and Oakland Estates subdivisions within the city of Bulverde as a result of the Fiber to the Home overbuild in that area. The addition of CATV service in those subdivisions allows for a more competitive offering and expands service to our members.
