GVTC DSL CUSTOMERS ARE NOW MOVING EVEN FASTER ON THE NET

At Guadalupe Valley Telephone Cooperative (GVTC), we recognize that bandwidth is important to our DSL High Speed Internet customers. Whether "surfing" the web, corresponding with friends and family, or conducting business there is a need to use much greater speeds than ever before.

HIGHER SPEED

In June 2003 GVTC restructured the downstream speeds on all the DSL packages to the new blazing speed of up to 1.5 Mbps!

LOWER PRICE

We value our customer's decision to use GVTC DSL High Speed Internet service. And to show our appreciation, we reduced pricing on all of our DSL packages! #77259 This new rate applies to all new and existing GVTC DSL customers regardless of whether they are under contract or not!
